SAFE, COST-EFFECTIVE SOLUTIONS

PHS's dedicated team delivers affordable and reliable component repair expertise by combining decades of experience, alternative repairs, and replacement parts to assist customers in reducing operational costs while maintaining the highest standards of quality and safety.

INNOVATIVE AND SUSTAINABLE PRACTICES

PHS Aviation is a premier component repair facility delivering top level services. Our proprietary, in-house-designed DER repairs help customers maintain operational readiness and enhance the longevity and sustainability of their components. Partner with PHS for trusted, reliable repairs that maximize the efficiency and safety of your fleet.

EXPERIENCE YOU CAN TRUST

Operating in a modern 60,000 sqft facility with four specialized MRO workshops, PHS has been an established, reliable repair partner for nearly 50 years; delivering personalized service, expedited turnaround times, and high-quality repairs.
